Create post

The diagram shows a hand-drawn layout for a post creation interface. At the top, there is a header bar with four elements: a square icon with a plus sign (labeled 'icon'), a plus sign '+', a search icon 'q', and a circular profile icon (labeled 'user'). Below the header, the main area is divided into two vertical sections. The left section contains a large square labeled 'Sticker' and, below it, a search icon 'q' next to a horizontal rounded rectangle. The right section contains a rounded rectangle labeled 'text input' and, at the bottom, a rounded button labeled 'Create post'.
